Dr UC Ojha

NATCON 2020 was a huge success. Being the first virtual conference in history, the team had no models to emulate ,but the entire team worked in tandem and made the conference a memorable experience for all.

Thank you team NATCON for a wonderful conference. Definitely it will be a model for ensuing conferences of other professional medical bodies. Kudos to you all.

Dear Dr Salil

Congratulations for an excellent scientific Programme of NATCON 2020 All the sessions were very informative with high scientific content,practically including each every aspect of not only Tuberculosis but other important Respiratory Diseases too

For the first time we had so many international and most of the national experts being part of it
Dr Nirmal Kumar Jain

TBAI, VIRTUAL NATCON 2020, the doyen Dr Arora, Mr Cool Dr Salil Bhargava, the Surgical strikers - Dr Sumeet Nawani, Dr Ashuthosh, Dr Ravi Doshi... and rest of the team..

You were proved right..

Our fears, anxieties, scepticism were unfounded...

Well devised, meticulously designed and Brilliantly delivered..

An attempt to state that NATCON 2020 was a grand success would not do justice..

It was much more than that...

We carry happy memories of the desires, hopes and dreams fulfilled... which shall forever be treasured and cherished.

Dr Nasser Yusuf
